

## WHITE-WAY LIGHTING FOR MAIN STS. IS RECOMMENDED

### COUNCIL TO GO FULLY INTO MATTER FOR WATER & SEWERAGE

The following are the official minutes of a regular meeting of the Wainwright Town Council held in the Council Chamber last evening.

Mayor Foster was in the chair with Councillors: Clouston, Huntingford, Petrie, Robinson, Tory and Welch present.

The minutes of the last regular meeting were read and on motion adopted.

A communication was read from Mr. J. R. Low M.L.A., for the Wainwright constituency, relative to the supplementary revenue legislation, stating that there would be no increase of assessment for that source during the coming year.

A communication was ordered filed.

Mr. H. L. Seymour, Director of Town Planning wrote stating that confirmation would be made of a date for a meeting as soon as possible.

A communication was read from A. Stenness regarding the condition of the running gear of the scavenging tank stating that same was in a bad state of repair, and asking that action be taken as soon as possible in regard thereto.

Moved by Coun. Tory.—That price be obtained from the local dealers for a year for the scavenging tank, 5 in. by 58 tire with 40 in. and 44 in. wheels.—Carried.

The committee on Finance reported recommending the payment of the following accounts:

Atty General, Dept. of Justice	\$75.50
Registrar, discharge of	
Caveats	2.00
Alta. Gov. phones	8.25
Wain. Gas Co.	128.40
Calgary Power Co.	127.60
C. A. Carlson, refund	5.00
Henderson, labor	39.00
Bert Laird, bal. salary	45.00
Postmaster for stamps	20.00
F. W. Aykroyd, hay	12.00
Can. Nat. Ry. telegrams	1.00
Alex. Swanson, scavenging	100.00
Mrs. Christensen, labor	20.00
H. Revell, salary	100.00
H. Y. Pawling, salary & tips	154.00
Wain. Machine shop, labor	21.10
Wain. Band, services at rink	20.00
Wain. Star, Advertising &c	17.85
Canada Law Book Co.	22.00
Bank of Montreal, debit int.	5.25

Moved by Coun. Welch.—That the report of the Finance committee be adopted and cheques issued covering the several accounts.—Carried.

Moved by Coun. Huntingford.—That A.T.A. INSISTS

### ON CHANGES IN NEW SCHOOL ACT

EDMONTON.—Strong representations will be made to the provincial government to make changes in the proposed School Act, as the result of a resolution passed by the Alberta Teachers' Alliance in annual convention. A resolution from the Grande Prairie local expressing support for the bill was withdrawn.

The campaign for pensions will be continued with unabated vigor under another resolution that was passed. Another approved of the principle of cumulative sick pay, while another asked that the government be petitioned to require grade XI standing and no more than two years' professional training as a condition of certification.

We learn that Mr. Alf Woodward has sold his house on Third avenue east, and is preparing to move to his farm.

## WAINWRIGHT AND GREENSHIELDS FORM NEW POOL LOCAL

On Thursday last a meeting of members of the Wheat Pool from the Wainwright and Greenshields districts met in the Trafalgar school, when Mr. Foreman, of Chauvin, and Mr. Cameron of the field service department gave interesting addresses to a goodly crowd. After the whole matter had been discussed at some length it was finally decided to organize a local for this district to be known as the Trafalgar local and the following officers were elected:—Pres., G. S. Baker; Sec.-treas., A. H. Wilkie; directors, Messrs. B. E. Wiley and H. Dowling (representing Wainwright) and D. A. McDougall and J. A. Patterson (representing Greenshields).

### YOUNG ORATORS ENTER FINAL CONTEST

Gwen Gant, age 17, of Grande Prairie and Walter MacDonald age 18 of Red Deer were selected as the winners for Northern Alberta and Southern Alberta respectively in the finals of the Alberta division of the Canadian and International Oratorical contest on Thursday night. These two winners will later contend for the privilege of representing Alberta in the Dominion finals to be held at Toronto, following which the Canadian champion will compete for International honors at Washington.

## LOCAL NOTES

Despite the unpleasantness of it, most of our farmers are overjoyed with the moisture which the week end snowstorm brought to the land. Some seven inches of snow was registered as having fallen in the four days.

Dr. H. Wallace and little son Beatty were in Edmonton for a few days last week.

The work of plastering at the new Federal building, which is in the hands of Contractor Flynn of Edmonton is proceeding rapidly, and it is expected that in another two or three weeks the building will be ready for occupation.

## PRUDHOLME WINS WAINWRIGHT BOUT

### SCORES A KNOCKOUT OVER "CURLIE" ARCHIBALD OF IRMA

What is acknowledged as the best prizefight ever staged here was carried out in the Elite theatre last Wednesday night before a record crowd.

Arthur Prudholme, northern Alberta middle and heavyweight champion took the ring with "Curlie Kid" Charlie Archibald of Irma, Alta. C. Clark of Irma was referee while the Judges were Dr. McBride of Hardisty and Tom Madigan of Wainwright.

The popular decision was strongly in favor of Prudholme throughout most of the rounds which ended in a knockout in favor of Prudholme at the end of one and a half minutes in the eighth round.

The fight was exceptionally close throughout with both contestants in good condition being weighed in at 164 pounds. Prudholme, the winner finished in the pink of condition and is anxious to meet the best man in Alberta in the middleweight class. He shows real class in the ring, having competed in the 1920 Olympics. His opponent the "Curlie Kid" from Irma was no mean antagonist but lacked the condition that Prudholme produced to withstand punishment and deliver the winning blow.

Prudholme was a sergeant in the Princess Patricia's having joined from Winnipeg. Already several other encounters are in prospect for the champion.

Four preliminaries were staged and refereed by Tom Madigan, the referee. As soon as possible within a few hours of the Wainwright No. 1, which was brought in as a flowing well laid fall. This should without doubt prove a splendid venture for the new company especially as their first hole will be sunk on proven oil-bearing territory and we learn that all arrangements are under way for the erection of their derrick without delay.

At the Wainwright Oil lease work still continues, and on Sunday last another big gas flow was encountered at the well which is being deepened. This it is intended to cement off and consume on down to a deeper known heavy oil sand.

University Feeders' Day Popular

A large attendance of farmers and stockmen is expected at the eighth annual Feeders' Day to be held at the University of Alberta farm on Saturday, April 13th. On this occasion the experimental and research work with beef, cattle, sheep, and swine which has been carried on by the Department of Animal Husbandry will be reviewed and the results of the various tests made available to any who are interested.

Mr. H. Girard is now back on the farm, after spending the winter in Saskatchewan.

Mr. Fred Flus was in town over the week end, before returning to his duties in the Turner Valley.

Brunker Service Station sold a new Plymouth coupe to Mr. Bert Williamson of the Bawlf Co. at Fabian and also one to Mr. Crawford of the same place.

Miss Muriel Wittmann is taking a week's practice teaching at the Acad school under the guidance of Miss Smith Miss Wittmann is an Edmonton normalite.

Owing to repeated requests the St. Luke's Dramatic club are repeating their play "She Stoops to Conquer" at the theatre on Tuesday evening next. Tickets on sale at Standard Pharmacy, 75c and 50c.

We are glad to know that Mr. Norman King, of Fabian, who was brought to the hospital on Saturday just for medical attention is now feeling much better.

## ACTIVITY AROUND WAINWRIGHT FIELD

### WEATHER PROVES NO SET-BACK TO OIL OPERATORS IN THIS LOCALITY

Despite the stormy weather of the past few days, great activity is being evinced in the season's work in the Wainwright oilfield.

In the north area of the field, the fitting up of the new refinery for the Associated Refineries Ltd., at the old B. P. site is going along in fine shape. Mr. Absher and his crew are rapidly getting this structure towards the finishing stages for the commencement of activities, and the first-run still is completed. It will not be long now before the machinery here is turning out the badly needed distillate and we understand that as soon as this is accomplished, further extension for the purpose of enlargement to a 1000-barrel capacity is to be undertaken.

The fitting up of the pumps at the No. 1 lease-Wainwright well is practically completed, and there is talk of a start being made on this company's next well on the same lease. This would seem to the average man to be real good progress, their No. 1 well having proven to be so good a money maker.

The Hargal Oil Ltd. are busy with their work in this territory, too, and we learn that it is intended to proceed very shortly with the sinking of a real deep test well on some of their acreage here, so as to thoroughly test this field for results in production in the Devonian lime. This is the horizon wherein the big Turner Valley field is reaching the pure paraffin production and wet gas, and it is confidently expected that results of a similar nature will accrue to deep drilling in the Wainwright locality.

Legal subdivision, 6 in 20-45-6, a site near the old B.P. No. 2, has been chosen by Mr. H. Lee, the field manager for the Wainwright Petroleum Ltd. as the site for their first well. Work on this well is to commence within a few weeks, and as this territory is already proved, it should not be long before this company is also adding to the amount of crude available.

The Wainwright Extension Ltd. is another new company to enter the ranks of oil activity in this territory. Headed by Mr. V. C. Gladstone of the well-known brokerage firm of the same name in Winnipeg, this concern has purchased the 68 acres lying immediately west of the creamery as far as the government road, and within the townsite, and proposes to drill as soon as possible within a few hours of the Wainwright No. 1, which was brought in as a flowing well laid fall. This should without doubt prove a splendid venture for the new company especially as their first hole will be sunk on proven oil-bearing territory and we learn that all arrangements are under way for the erection of their derrick without delay.

At the Wainwright Oil lease work still continues, and on Sunday last another big gas flow was encountered at the well which is being deepened. This it is intended to cement off and consume on down to a deeper known heavy oil sand.

University Feeders' Day Popular

A large attendance of farmers and stockmen is expected at the eighth annual Feeders' Day to be held at the University of Alberta farm on Saturday, April 13th. On this occasion the experimental and research work with beef, cattle, sheep, and swine which has been carried on by the Department of Animal Husbandry will be reviewed and the results of the various tests made available to any who are interested.

Mr. H. Girard is now back on the farm, after spending the winter in Saskatchewan.

Mr. Fred Flus was in town over the week end, before returning to his duties in the Turner Valley.

Brunker Service Station sold a new Plymouth coupe to Mr. Bert Williamson of the Bawlf Co. at Fabian and also one to Mr. Crawford of the same place.

Miss Muriel Wittmann is taking a week's practice teaching at the Acad school under the guidance of Miss Smith Miss Wittmann is an Edmonton normalite.

Owing to repeated requests the St. Luke's Dramatic club are repeating their play "She Stoops to Conquer" at the theatre on Tuesday evening next. Tickets on sale at Standard Pharmacy, 75c and 50c.

We are glad to know that Mr. Norman King, of Fabian, who was brought to the hospital on Saturday just for medical attention is now feeling much better.

### WILL BRIDGE MANY NORTHERN STREAMS

Two steel bridges and thirty bridges of wooden construction will be erected in the southern part of the Peace River district during the coming season as part of the provincial government's road building program. One of the proposed steel bridges will span the Beaveridge River near the new town of Beaveridge while the other will cross the Spirit River near Roycroft and many of the smaller bridges to be constructed will bring prosperous agricultural districts closer to railway transportation.

## LOCAL NOTES

According to advertisements, a sale of more school lands is to be held here on Thursday April 18th.

Mr. and Mrs. Bob Wakefield left last week and for the coast. As Mr. Wakefield's health has not been good, it is hoped the change will be beneficial.

Mr. R. Beatty, who has been visiting friends at Three Hills has now returned to town.

Owing to an attack of snow blind Mr. Roy Carl has been under the doctor's care for the past few days.

Mr. A. Dupre is away this week on business at Edmonton and Calgary.

## BACHELOR'S PARADISE IS FISTIC REALM

### NEW YORK LIFE PORTRAYED IN BIG PICTURE AT THE THEATRE

A laughing, throbbing, thrilling, story of fighting and loving is told by Sally O'Neill who is excellent cast in "Bachelor's Paradise" the Tiffany Stage feature at the Theatre on Monday, and Wednesday next.

New York is the background—Ninth Avenue to be specific. There comes one Joe Wallace for a boxing bout. To his manager's disgust Joe is said "faster than lightning" Spinks instead of fists, are occupying too much of the fighter's attention and until he reforms, the manager is through. But Joe can't help flirting and fighting and he continues to do both.

A street fight introduces him to Sally, who makes hats for Ninth Avenue's elite and a broken ankle forces him to remain a guest in her house for some weeks. Joe liked to fight but he didn't want to get caught and wed, and that's just what Sally's innocence, nearly accomplished. Practically after Joe deserts but of course a heroine as sweet as Sally would never go unhappy to the end of the story. Fatically and flirtingly Joe reforms.

Sally O'Neill is, by turns, pert and pathetic and always delightful. Ralph Graves is perfectly at home in the role of the flirting fighter and Eddie Gribbon gets everything out of a character role.

### COAL AT EIGHTY DOLLARS A TON

THE PASS—Coal is being sold for \$80 a ton and four brings \$25 a hundredweight at Ford Churchill, according to J. C. Franklin, lineman for the Canadian National Telegraphs, who has been working along the Hudson Bay line now pushing north to the Bay.

Mr. Dooley and her family left last week for a visit to her parents in the States.

Mr. W. Bibby, Jr., is away for a few days on a visit to her sister at Wetaskiwin.

Miss L. Prosser has now been added to the payroll of the Star office staff.

A new Ford truck was sold by Tom Elson this week Mr. A. Everett being the purchaser.

The re-decorating of the interior of the Empress Cafe has now been completed by Ray Coffield.

Mr. and Mrs. Albert Hughes of Greenshields are now driving a new Chev. coupe.

Mr. Jas. Church is arranging to pay a visit to her son Charlie in California for a visit shortly.

Quite a lot of decorating has been accomplished at the local playhouse which gives this house a pleasing and up-to-date appearance.

## WHAT THE DOM. PARLIAMENT HAS DONE AT THE CAPITAL

### WHAT THE PARLIAMENT MR. SPENCER, MEMBER FOR THIS FEDERAL CONSTITUENCY OUTLINES LABORS

The following is a parliamentary synopsis of the work of the present session of the Federal house up to the recess, as forwarded to us by Mr. H. E. Spencer the member for Battle River riding:—

This third session of the sixteenth parliament will not be noted for any outstanding legislation.

The speech from the throne contains much general business to be enacted, but nothing for particular reform. However, under any circumstances there is always much routine business to be considered by the house.

The following might be cited as an annual digest of each parliamentary session whether something new is done or not:—

1. The discussion and passing of the speech from the throne, to which an amendment is rarely moved.

2. The budget presented by the minister of finance, which outlines the expenditure and revenues for the coming year. This is the longest debate of the session, before the termination of which, one or more amendments are usually moved.

3. The estimates, or how the sum of upwards of 500 million is to be spent takes much time.

4. The session for more time than a senatorial, ask for more time than any session permits to cover them all. This year, when private members' day was cancelled, there were still 28 resolutions on the order paper.

5. Private and public bills again are always to the fore. Much work on these however, is done in the standing house committees.

A few outstanding items of the work of the session may be of interest.

For the second time since Canada decided not to accept titles, an effort was made by resolution to consider the desirability of them. This was voted by 114 to 60.

## CONSUMPTION TREBLED IN LAST EIGHT YEARS

### ALBERTA WILL REQUIRE JUST 36,000,000 GALLONS OF GAS THIS YEAR

Thirty-two million gallons of gasoline—

That's what it takes to quench the thirst of the 37,000 motor vehicles in Alberta for a year. That is what was required in 1928 according to the Edmonton Journal.

Back in 1921 only 12,000,000 gallons were consumed. This year it has been estimated, 36,000,000 gallons will be consumed by cars and trucks throughout Alberta.

It is a striking manifestation of the province and of its increasing popularity.

Alberta is fast becoming self-sustaining in the matter of gasoline. Twenty-two million gallons of oil are produced in the province annually—nearly two-thirds of the amount consumed.

Two years from now, it is believed Alberta will be producing enough gasoline to satisfy the demands of Alberta motorists.

Then the motorists will ask for a decrease in the cost of gas. More people will buy cars. That will mean greater revenue for the government. Better roads will thus be the ultimate outcome.

TEACHERS' ORGANIZATIONS

NAME OFFICERS

Miss Edith Patterson of Calgary was elected president. C. O. Hicks of Edmonton first vice-president and Wm. Wallace of Camrose second vice-president of the Alberta Educational Association for the year ending year-end annual Convention of the Association held in Edmonton during the past week. A. J. H. Powell of Fort Saskatchewan is the newly elected president of the Alberta Teachers' Alliance with C. G. Elliott of Edmonton as vice-president. Regional representatives of the Alliance were named as follows: Calgary: Miss J. McCall; Edmonton: C. O. Hicks; North-Western Alberta, Leslie Robbins, Waskatunga; Central Alberta, Miss E. C. Barclay; Red Deer: South-western Alberta, W. L. Irvine, Vulcan; and South-eastern Alberta, Mrs. J. N. Jakoy, Drumheller.

Mrs. Dan Murray having rented her new house to Mr. Howard Pilgrim is preparing to move to the farm for the summer months.

The house has at last agree by unanimous vote that the natural resources should be returned to the prairie provinces.

Much money is being voted this year for improvements to harbours, and bills are before the house covering an aggregate amount of 29 millions for the following places:—

Halifax, Three Rivers, Chicoutimi, Montreal, and Vancouver.

A new C.N.R. program for seven extensions or branches covering over 700 miles, and one covering its greater. An amendment put forward for the C.P.R. have been discussed.

Much discussion was developed on the need of federal government aid for road construction, but with no success.

The Kellogg peace pact was accepted by the house after some debate, during which the United States was in for castigation for increasing armaments while advocating peace.

A bill was passed in the senate giving Ontario the right to set up her own divorce courts, but on reaching the commonsense it met with an unexpected defeat of 59 to 56.

A bill to occur in the buying of the Alberta railways went through the committee with little comment.

The Bell Telephone Co's bill was again presented asking power to double its capital from 75 millions to 150 millions. An amendment put forward by the minister of railways carried in committee, which places such increase of capital under the jurisdiction of the railway commission.

The "Sun Life" bill re-appeared for the third year. Here again an effort was made to double its capital, which action, however, was opposed by the department of insurance. Much criticism was generated in the banking and commerce committee to the clauses referring to capital increase, and these were eventually withdrawn.

The action of parliament on these two bills was justly justified. A minority of members who prevented them passing during 1928.

The budget was presented to the house of March 1st, when a surplus was announced of \$69,782,000.

Much talk has come from the government since the House of Commons of the prosperity of Canada, while during the last year the question is raised as to the prosperity being local rather than general.

At the time of writing, the debate is not concluded, owing partly to the fact that a two-day discussion was developed in the House of Commons of the agricultural committee, when the board of grain commissioners came under fire from both sides of the house particularly on their action, or inaction, in respect to the so-called "hybrid" ticket. The result has been that the agricultural committee is instructed to investigate the whole administration of the Grain Act.

As this last subject is all-important to the welfare of the prairies, it is hoped that much useful work will be done in the above committee when parliament again meets.

### SHOCK ABSORBERS ADD TO THE LIFE OF AUTOMOBILE TIRES

Exploding the theory that shock absorbers aggravate tire wear, experiments made by the engineering experiment station of the State College of Washington show that tire wear is reduced when shock absorbers or mud bars are used. Popular Mechanics Magazine, "Excessive wear on corrugated roads is due to tires leaving the surface of the road speeding up while in the air and being checked again when striking the road surface." Dean H. V. Carpenter explained.

## PURDY TO HANDLE WHEAT POOL GRAIN ELEVATORS

R. D. Purdy, Manager of the Alberta Wheat Pool, in addition to his present duties has been appointed manager of the Alberta Pool Elevators Limited, it is announced from the Pool head office in Calgary. Mr. Purdy's appointment fills the vacancy created by the retirement of C. M. Hall who has occupied this position for the past 2½ years. T. E. Oliver in addition to his present duties as assistant manager of Alberta Pool Elevators Ltd., has been named assistant manager of the Alberta Wheat Pool. These appointments bring all the departments of the Pool, including the elevator system under one central management.

## Health Service of the CANADIAN MEDICAL ASSOCIATION THE HEALTHY HOME

Very frequently we have mentioned that the health of each of us depends in large measure upon our homes. We must make use of the information given to us concerning the prevention of disease, and the maintenance of health if it is to be of any practical value. In the same way, it is true that whether or not the home is a healthy one depends upon the people who live in it. But that being true, it is also true that some homes are so built that it is very difficult, if not impossible, to make of any one of them a healthy home.

When a house is to be built or rent of the question as to whether or not it is so constructed and so situated that it can be made a healthy home should receive attention. Some of the points which are of the greatest importance are brought to the attention of our readers.

Every room in the house should have a good-sized window which opens and looks out upon a street, a yard or a large court. This allows for the free entrance of air into the room. Air is an absolute necessity and therefore, rooms without windows opening into the outer air are unfit to live in. Alcove rooms without windows are practically as bad as windowless rooms, as they are impossible to ventilate.

Every home should have reasonable facilities for cleanliness. There should be a kitchen sink, wash-basin and bath with hot-water connection. Body cleanliness and particularly clean hands are important. If the hands are to be washed regularly before meals, if teeth are to be cleaned twice a day if a hot bath is to be taken at least once a week, it is necessary that facilities be provided for all these.

The kitchen is an important room because diet is so important. Proper places for storing food and milk and adequate facilities for washing dishes all make it much easier for the housewife to prepare and serve the varied diet that is required for health.

Questions concerning Health addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

## ALBERTA CAR DRIVERS MUST HAVE DRIVERS' LICENSES

(We publish the following to the interests of our readers who are car-owners.—Ed.)

Car drivers' licenses in Alberta are to be set at 50c and are to stand for an indefinite period until revoked for cause, under a redraft of amendments to the Vehicles and Highway Traffic Act that has been submitted to the legislature. But all motor drivers in the province are to take out licenses the regulation to become effective on July 1st.

Compulsory insurance of taxis and liveries is required under another section of the bill and this is to become effective just as soon as the measure is assented to.

Under the first draft of the bill introduced into the legislature early in the session the much wider provision of compulsory insurance on all cars in the province was proposed. This has been revised as, according to all explanation by Hon. O. L. McPherson, the government had not intended such a far reaching and sweeping plan. It was rather the governments intention to provide protection for the public by enforcing insurance for vehicles used in public livery.

The main sections of the redrafted bill as referring to licenses of drivers and compulsory insurance are as follows:

2A. (1) No person shall drive a motor vehicle on a highway unless he is in possession of a subsisting driver's, dealer's or chauffeur's license granted under the provisions of this Act.

(2) A person over the age of 15 years shall not be deemed to act in contravention of this section if while driving a motor vehicle he is accompanied by a person sitting beside him who is the holder of a driver's license and is engaged in teaching the first named to drive.

2B. The Minister may refuse to issue a driver's or chauffeur's license to any person unless he is satisfied by examination or otherwise of the physical and other competency of the applicant to drive a motor vehicle without endangering the safety of the general public.

2C. Every person driving a motor vehicle shall carry his license with him at all times during which he is in charge of a motor vehicle, and shall produce it when demanded by any peace officer or any inspector appointed under this Act.

2D. (1) Every person who is the holder of a driver's license shall upon being convicted for any offence under this Act, forthwith deliver the same to the Police Magistrate or Justice of the Peace making the conviction.

(2) Any Police Magistrate or Justice of the Peace who convicts any person of an offence under this Act, who is the holder of a driver's license, may upon making the conviction suspend for such time as he thinks fit or cancel such driver's license and shall thereupon transmit the suspended or cancelled license to the Minister, together with a report setting out the nature of the conviction and the circumstances of the offence; and every such suspension or cancellation shall remain in force unless and until the Minister in his discretion makes an order shortening the term of suspension or annulling the cancellation.

2E. The fee payable on the issuing of any driver's license or any duplicate of any such license shall be 50c.

2F. Every person to whom a driver's license has been issued shall in his application for a subsequent license state that he has been so licensed; and no person who is the holder

of a valid and subsisting driver's license shall apply for or obtain another driver's license, save and except only for the purpose of obtaining a duplicate of a valid and subsisting license which has been lost, or destroyed or become worn out.

2G. Every driver's license shall remain in force, until suspended or cancelled and all other licenses and certificates shall, subject to the provisions of this Act as to suspension and cancellation, remain in force until the first day of January following the year for which they were issued.

4. Section 5 of the said Act is amended by adding to the said section as subsection 2, the following: "No driver's license shall be issued to any person under the age of 16 years."

6 Section 8 of the said Act is struck out and the following new section substituted therefor:

8 (1) Notwithstanding any other provisions of this Act, any person who (a) Habitually resides outside the province, and (b) Has complied with the laws of his place of residence as to the licensing of drivers and as to the registration of motor vehicles, and (c) Carries such certificate as is required by the laws of his place of residence—

May be granted a permit to use his motor vehicle within the province and for a period of or for periods together amounting to three months in any year shall not be required to have a driver's license under this Act or to register his motor vehicle, provided he applies for such permit to a license issuer or a member of the Alberta

## MOTORISTS CUT LISTEN

### OUT OF SAFETY TRINITY

It used to be Stop! Look! and Listen! Perhaps it still should be. And now, likely there would not be so many dead and sorry motorists if it was. But the claims agents of the Canadian National Railways, who handle claims arising out of crossing accidents say that the motorists have discarded their ears altogether. The only method of signals effective today, they declare, is that of visual warnings, as accustomed have the motorists of both Canada and the United States become, to driving under the control of signals to the eye.

The use of sirens on locomotives in stead of whistles was suggested the other day as a means of preventing crossing accidents. The Canadian National Railways have made consistent experiments in an attempt to give the drivers on the highways the maximum of warning of approaching engines. The whistle has been moved from front to place—once it was mounted in front of the smokestack—to see of the sound could be made to carry farther, and sirens have been tried. On the new oil electric locomotives of the system a compressed air hooter has been installed.

The difficulty remains that no sound is loud enough to warn a careless driver in a closed car and now the suggestion has come that a strong beam light pillar be erected in the middle of the highway approaching a railway crossing, a lamp post with a curb around it that will give the foolish driver a job if he insists on crashing into it.

More than 25 per cent of crossing accidents on the Canadian National Railways in 1928 were caused by drivers of automobiles and other vehicles running into the side of engines and trains. In some cases, with a perfectly clear vision of the track on both sides of the highway and with the locomotive whistle having been sounded and the bell ringing automobiles have been driven into the side of the train as far back as 20 or 30 cars behind the locomotive.

## EUROPEAN MEDICAL MEN TO LECTURE IN ALBERTA

Alberta is to be favored this spring by a visit of two of the most outstanding medical men of Europe in the persons of Dr. Armand Delille, of Paris, France, and Professor G. B. Roatta, of Florence School of Medicine, Italy.

Arrangements have been made by the Alberta Medical Association in co-operation with the Canadian Medical Association for two meetings, one in Calgary June 5th and the other in Edmonton June 14th.

Dr. Delille, being one of the world's most noted pediatricians will talk on Tuberculosis in Children and the various treatments which promise most success to-day

1. Artificial Pneumothorax  
2. Calmette's Vaccine for the Newborn.  
3. Grancher System for Older Children.

Professor G. B. Roatta, coming from Florence University which has a record of six centuries of existence being in the forefront 150 years before Columbus discovered this continent and still holding an enviable reputation will discuss:

1. Workshops for the Tuberculous, before and after entering the sanatorium.  
2. The Effect of Facism or the practice of Medicine.

These distinguished visitors speak fluently in the English language so the Medical Profession in Alberta are in for a real post-graduate course in Tuberculosis.

## AGRICULTURISTS

### ELECT OFFICERS

D. H. Galbraith, M.L.A., of Vulcan has been elected president of the Alberta branch of the Canadian Society of Technical Agriculturists for the year 1929. Professor R. D. Sinclair, University of Alberta, is the new vice president while J. M. Manson, also of the University staff has been re-elected as secretary-treasurer and C. Tapp and Professor J. McGregor Smith have been named on the executive committee of the organization.

## SOLDIER SETTLER'S FARM BEING REVALUED

Good progress is being made in the valuation of farms occupied by soldier settlers according to announcements made by officials of the Dominion Land Settlement Branch. A good start was made with this work last fall and inspectors of the Settlement Branch will continue their duties along this line in many districts in the province as soon as road conditions permit.

Lightweight bottles of paraffin-treated spruce fiber have been introduced as milk containers in place of the ordinary ones of glass. They eliminate the clatter are easily opened and are tightly sealed when filled to keep out dirt and to prevent tampering.

MILLION HOMES  
TONIGHT**

There are times when all a mother's  
love can't soothe a fretful baby. No way  
of telling just what's wrong, yet some-  
thing must be done. Castoria! That's  
what! Baby has dropped off to sleep.  
Yet this marvelous means of dis-  
persing a restless infant is utterly  
harmless. There is not one ingredient  
but what all doctors know and approve,  
and would let you give your baby every  
day in the week. In fact Castoria is a  
purely vegetable product. Gas pains,  
constipation, even diarrhea can be dis-  
pelled in this same manner. Castoria  
is older than you are, but physicians  
still say "nothing better for babies."  
An old-fashioned remedy if you count  
years, but parents are old-fashioned  
who still raise babies without its aid.  
And at least five million modern mothers  
keep it handy day and night, for twenty-  
five million bottles were bought last  
year! Buy yours now! Don't wait until  
you need it.

WAINWRIGHT ALBERTA APRIL 10th, 1929

Lying shatters mutual confidence  
and makes daily intercourse more dif-  
ficult among men. A law is hated by  
all who insist on honor and conscience.  
Openheartedness and sincerity on the  
other hand, gain for us the honor and  
respect of men.

## ADVERTISING

**OUR TOWN**  
The scheme which is under way by  
the proper committee of the Town  
Council for the inauguration of some  
system of "white-way" lighting for  
our Main street is one which will with-  
out doubt meet with the approval of  
every ratepayer.

Other towns of much smaller size  
than Wainwright, and without its im-  
portance are at the present time much  
more adequately lighted than is our  
own and this is especially noticeable  
when the Main street of the place is  
considered.

As we understand it at present, ten-  
tative prices have been placed before  
Council for the placing of some dozen  
or more electric light standards on the  
main business blocks of the street  
and the matter has been referred back  
to the committee for the purpose of  
getting the best returns consistent  
with efficiency for the money to be ex-  
pended.

In the placing of the new lighting,  
the old-fashioned (and truly antiquat-  
ed) system of hanging the lamps up  
on the wiring poles will be done a-  
way with so far as the actual shop-  
ping portion of town is concerned, and  
these lights will be replaced with cast  
iron ornamental standards at the cor-  
ners of each of the Main street blocks  
As at present constituted, the light-  
ing system of the whole town is not  
of the best. Very many dark places

are known around the residential part  
of Wainwright which might well be  
brightened. Good lighting makes for  
good citizenship, and safety and con-  
venience for all, as well as proving a  
hindrance and stumbling block for the  
evil-doer.

The safety also of our wives and  
daughters will be greatly enhanced by  
a more general lighting up of the dark  
spots in town, and it would seem that  
the Council are making a truly good  
start by the installation of the pro-  
posed "White-way" lighting scheme—  
even if the scheme, as at present laid  
out, will only cover Main street south.

## BOARD OF TRADE

## EFFECTIVE

One of the most effective ways in  
aiding progress is for all residents of  
a town and district to join hands co-  
operating in the great work of foster-  
ing community growth.

Help the corner in which you live,  
to grow, and you contribute to the  
growth of the entire world. Let us  
then hasten progress in our commu-  
nity by devoting ourselves to the best  
of our ability to the advancement  
of the growth and prosperity of this com-  
munity.

There is no organization which so  
kindly itself to the development of  
co-operation in a community so well  
as does a good live Board of Trade.  
The Kimberley Press, of Kimberley B.  
C., speaking of Boards of Trade says:  
"One great value found in a properly  
organized and well functioning  
Board of Trade is its democratic form  
of organization and its open member-  
ship."

Everybody who has the interest of  
his community at heart and is willing  
to pay the small membership fee may

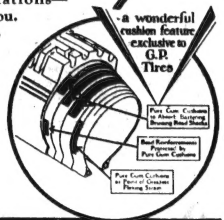

## Prevents Stone Bruises

ONE small stone puts a barefoot  
boy out of the running—but  
ten thousand stones fail to keep  
Gum Cushioned Tires off the road.  
Even though each stone crashes  
into the same spot—the live gum  
cushions will absorb each success-  
ive shock. What better tire-protec-  
tion would you have? And you pay  
no more for them. Go to Gum  
Cushion Tire Stations—  
they'll show you.

"Built Better to Wear Better"

Gutta Percha & Rubber, Limited,  
Toronto

The largest All-Canadian Rubber Co.  
Founded in 1883

Just say

"G.P." Pure Gum Tubes  
You get more for your money in  
"G.P." Tubes because you buy Pure  
Gum at the same price you pay  
for "compounded" rubber in vul-  
canized tubes—and they last longer.

## H. Bruncker Dealer Wainwright

At your Grocer's  
Get — **Paulin's** Peerless Cream Sodas in the famous LONG RED PACKAGE  
Enjoy them crispy-fresh, with  
— SOUPS  
— SALADS

THE PAULIN CHAMBERS CO. LTD.

become a working unit of the Board  
of Trade.

The individual notions that citizens  
have may seek expression and be-  
come the program of the entire com-  
munity. Selfish interests are or should  
be forgotten when the welfare of the  
community is at stake. The Board  
of Trade comes as near being the one  
organization through which all creeds  
and confessions all partisans and in-  
dividualists all wealthy and all poor,  
all great and all small all high-brow  
and all low-brow, all humble and all  
powerful can come together on a com-  
mon meeting ground for the good of  
the whole.

A Board of Trade cannot be com-  
pared with any other civic organiza-  
tion because its purposes are different.  
Since everybody can get into a Board  
of Trade, there is no excuse for any-  
one standing on the side-lines and  
saying "Let them go ahead and do it  
I don't belong and can't belong be-  
cause I don't have the qualification  
or classification." On the other hand, it  
is one general civic organization to  
which he may attach his membership  
his life and his sacred honor and real-  
ly belong. He cannot be barred from  
membership so long as he has a char-  
acter and a few dollars for a member-  
ship. Regardless of the few dollars if  
he is right at heart and wants to do  
something for his community he is  
worth more than the money the mem-  
bership card costs. Such a fellow had  
better be paid by the Board of Trade  
to come into it.

## BOYS EAGER

## TO MIGRATE

LONDON—More British boys at  
present want to go to Saskatchewan  
than to any other province in Canada.  
This is the disclosure made in the  
Times today by Canadian migration

officials who say that within recent  
weeks there has been a rapid increase  
in the number of boys eager to settle  
in Canada.

At the beginning of the year efforts  
to recruit boys in workless districts  
of south Wales were a complete fail-  
ure. Not a single boy offered. The  
Times then took up the matter and  
as a result of the publicity thus given  
a splendid response came not only  
United Kingdom. Nearly 800 boys  
aged between 14 and 19 have applied  
to J. Bruce Walker, director of emi-  
gration for Europe and this figure he  
regards as highly satisfactory.

## PUBLIC NOTICE

## Tenders for School Building

SEALED TENDERS will be received  
by the Board of Trustees of the  
Municipal School Board, No. 2138, at the  
office of the Secretary-Treasurer, up  
to NOON, of Thursday, April 25th,  
1929, for the erection of a One-Room  
Frame School building after plan No.  
362A.

Plans and specifications may be ob-  
tained from the Secretary-Treasurer  
upon payment of a deposit of \$5.00.  
Plans will be returned within Twenty-  
four (24) hours, and deposit will then  
be refunded.

A marked cheque for Five per cent  
(5%) of Tender should be enclosed  
with each Tender as a guarantee that  
same in bona fide.

The lowest or any Tender will not  
necessarily be accepted.

G. H. KENT

Sec.-Treas.

Post Office—Wainwright.

Location of proposed school—Seven  
teen (17) miles north of Wainwright.

# The Greatest March in all McLaughlin-Buick History

THE motor-car buyer... the final judge of  
automobile values... has registered en-  
thusiastic endorsement of the revolutionary  
advances made by the 1929 McLaughlin-  
Buick!

During the past month, McLaughlin-Buick  
cars have been 25% greater than March of  
last year... greater than any previous March  
in all McLaughlin-Buick history.

More people buy McLaughlin-Buick than any  
other car at or above its price... because the  
1929 McLaughlin-Buick with its Masterpiece  
Bodies by Fisher, has unquestionably estab-  
lished a new standard of performance and a  
new order of beauty.

Get behind the wheel and get the facts!

A. E. CHALLENGER, EDGEMONT, ALTA.

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

Leading public health authorities of four Canadian provinces unite, in the following remarkable symposium culled from the current issue of the Canadian Public Health Journal, in telling what is the matter with public health work in rural Canada, and how it can be improved.

J. W. S. McCullough, M.D., C.M., D.P.H., Chief Inspector, Department of Health, Ontario, writes that in 99 per cent of all Canadian municipalities the medical health officer is a part-time practicing physician, appointed by the local council.

"The part-time medical officer of health has been to a large extent a failure," he adds—thereby condemning the present system. "He is untainted for his work, is paid very little and that grudgingly for his services. His official position brings him into conflict (1) with his fellow-practitioners who will not report (contagious disease, etc.) to a rival in practice, (2) with possible clientele who fear quarantine if communicable disease is found in the family. This fact and the dissatisfaction of persons who are isolated for the public good, interfere with the doctor's practice and since the practice of his profession is his chief interest it is readily seen that in the endeavour to serve two masters the less remunerative and less attractive one of public health is neglected."

As a rule, this veteran authority states, it is only in large cities with efficient medical health organizations, that any great progress is being made in public health and to remedy rural conditions he strongly recommends the "County Health Unit."

"The County health, or 'combined area' health unit is bound to come; the only question is, how soon?" he writes. As to the financing of these full-time, county health departments the writer's expressed personal opinion is that the cost should be borne by a joint contribution of the three elements of government, the federal, the provincial and the municipal.

Dr. Alphonse Lessard, Director, and Dr. Emile Nadeau, Assistant Director of the Quebec Provincial Bureau of Health, write as follows:

"What is the 'County Health Unit' system which we are operating in our Province of Quebec? It consists in the establishment, in a county or in two small neighbouring counties, of what might be designated as a 'Bureau of Health in miniature' composed of a full-time medical officer, two or more public health nurses, a sanitary inspector charged with the enforcement of the health regulations and with the education of the municipal officers, together with a secretary to handle the clerical work of the office which is generally located in the principal town of the county. The whole population of the county is thus submitted to constant supervision on the part of this staff.

There are eight of these units now functioning in the province of Quebec and four more will be soon in operation shortly.

"In the counties where health units have been in operation for a period of

two or three years" the director and his assistant write, "the general death rate has been reduced and especially the infant mortality rate and the death rate from contagious and infectious diseases with also a marked reduction in the number of cases this being largely due to better education of the public, immediate control of epidemics, free distribution of serums and vaccines and free ambulatory clinics for tuberculosis and child welfare."

How one community saved a \$6,000 hospital fee, in a single year through the functioning of a County Health Unit is vouched for by H. E. Young, M.D., LL.D., Provincial Health Officer, British Columbia.

"In the year previous to the opening of our first medical unit, the district in which it was situated, paid \$6,000.00 to the Isolation Hospital for cases that had been sent into it," he writes.

"The following year, 1928, under exactly the same local conditions but with a full-time medical health officer in charge with a staff of four nurses and a sanitary inspector, we were able to reduce the Isolation Hospital charge to less than \$100.00. This was an argument that appealed directly to the municipal council." The indirect advantages could not be evaluated in dollars and cents according to Dr. Young. "The result is that we have three other units established."

Touche upon the matter of finance, Dr. Young writes: "I would urge the serious consideration of the resolution passed by the Dominion Council of Health, which is mentioned at the opening of this article: 'Resolved that the Dominion Government be respectfully requested to further the establishment of Full-time Health Units by the voting of an annual grant of money for this purpose.'"

"The notion that the country is a much healthier place to live in than the city is shattered by F. C. Middleton, M.D., D.P.H., Acting Deputy Minister, Department of Public Health, Regina, Saskatchewan, in a complete and able summary of the County Health Unit plan, as functioning in Saskatchewan.

"The vital statistics history in the registration area of the United States would appear to indicate that the rural districts have at present a higher death rate than the cities," he writes. "This however" did not obtain until the past 10 or 15 years. Previous to 1900 the mortality rate in rural districts was only about three-fourths that of the cities; recently it has been 5 or 10 per cent higher."

The most probable explanation, he suggests is that "There is more effective, continuous and organized protection of health in cities than in rural districts."

Characterizing the County Health Unit as "the greatest single medium for the advancement of public health today," he writes as follows:

"We are hoping to have at least four of these full-time health districts in operation this year, and our objective will not be reached until there are at least 25 such districts established."

The Canadian Public Health Journal is the official organ of the Canadian Health Association—the Dominion wide organization of public health workers. All Departments of Health in Canada are represented.

### ALBERTA CAR DRIVERS MUST

#### HAVE DRIVERS' LICENSES

(Continued from page 3)  
Provincial Police within seven days of his entering the province.

(2) Every person to whom a permit is granted pursuant to this section shall keep displayed upon the windshield of his motor vehicle a sticker of the nature prescribed by the Minister.

10. Section 18 of the said Act is amended:

(a) By adding at the end thereof the words: "including a condition that all vehicles used by such liveryman in his business shall be issued by an insurance of such amount and covering such risks as he may prescribe" and

(b) By adding as subsection (2) thereof, the following:

"(2) The license of any liveryman who fails to keep his vehicles insured as is required by the previous subsection or to comply with any other conditions prescribed by the Minister may be cancelled or suspended, for such time as may seem proper to the Minister."

11. The said Act is further amended by inserting therein immediately after Section 18 the following new section:

18A. (1) No liveryman who carries on business as such in any city or town shall employ as a chauffeur of a passenger vehicle unless such person is the holder of a permit in writing authorizing him to act as such chauffeur as aforesaid issued by the mayor

of the city or town as the case may be; and the issuing of such permit shall be in the uncontrolled discretion of the mayor.

(2) The mayor may cancel any permit issued by him pursuant to this section at any time.

(3) Every liveryman who carries on business as such in any city or town shall not later than the third day of each month deliver to the mayor of the city or town a list of all chauffeurs employed by him in the driving of his passenger vehicles.

(4) Every liveryman who carries on business as such in any city or town, who employs any person as the chauffeur of a passenger vehicle who is not the holder of a valid and subsisting permit issued pursuant to this section, or who continues to employ any person as the chauffeur of a passenger vehicle after being notified that such person's permit has been cancelled shall be guilty of an offence and liable on summary conviction to a fine of not less than \$20 or more than \$100 and costs; and in default of payment to imprisonment for a period of not more than six months.

(5) The expression "mayor" as used in this section, includes any person for the time being authorized by the mayor in writing to discharge any of the powers and duties conferred upon the mayor in this section.

(6) Any person who carries on business as a liveryman without a valid and subsisting liveryman's license under this Act shall be guilty of an offence and liable on summary conviction to a fine of not less than \$20, or more than \$100 and costs and in default of payment to imprisonment for a period of not more than six months.

12. Section 56 of the said Act is amended by adding thereto as subsection (2) the following:

"(2) No person shall permit anyone who is not the holder of a driver's or chauffeur's license to drive his motor vehicle."

13. Section 58 of the said Act is hereby struck out.

14. Sections 10 and 11 of this Act shall come into force on the day upon which it is assented to; and the remainder of this Act shall come into force on the first day of July, A.D. 1929.

### How to Play BRIDGE

Series 1928-29 by  
Wynne Ferguson  
Author of "PRACTICAL AUCTION BRIDGE"

THE ENGLISH players who have been the mainstay of the Dominion's bridge scene are very much to be pitied. They have been playing the game for many years, but they have not been able to win a single game. The following quotation from an article on the subject of bridge, by a well-known English writer, should be very interesting:

"So far as can be observed, the epidemic of doubling informally is abating, and this double is being played in a much more restrained manner than a few months ago. There appears to be a general desire to make the use of this double as simple as possible, so that every player readily knows whether a double by his partner is informative or business. The American, as usual, is making this convention a very complicated one, but so far as this country is concerned, the informal double seems to be played on the following lines:

"1. A double of 'one' of a suit or of 'one No-Trump' is an Informative Double, whether the doubler or the doubler's partner has previously bid or not.

"2. A double of 'two' of a suit is Informative unless the doubler or the doubler's partner has previously bid.

"3. A double of 'three' of a suit or of 'three No-Trumps' is always Business.

"There is common sense in the above, because one practically never wants to double 'one No-Trump' or 'one' of a suit for business purposes, and these doubles can therefore always be informative; while for the opposite reason, a double of 'two No-Trumps' or of 'three' of a suit should always be for business purposes."

Whether or not you agree with the English view-point of the informal double, you cannot help but admit that it is a sensible one and probably prevents much of the confusion that is prevalent in America.

Here is an interesting hand that has just been submitted:

Hearts—A, Q, 4  
Clubs—Q, J, 10, 7, 2  
Diamonds—K, Q, 9, 8  
Spades—none

If there was no score, what would you bid as dealer with the foregoing hand? The only sound bid with this hand is one club. Then, if your partner bids one spade, bid one no trump. An ace of the closest study.

#### Problem No. 18

Hearts—A, 6  
Clubs—K, 7, 5  
Diamonds—J, 8, 7, 5, 2  
Spades—Q, 6, 3

Y :  
Z :  
A :  
B :

Hearts—Q, J, 10, 9, 8  
Clubs—A, 8  
Diamonds—A, K, 10  
Spades—A, 10, 2

No score, rubber game, Z dealt, bid one heart and all passed. If A opened the nine of spades, how should Z play the hand? An analysis of this interesting situation will be given in the next article.

#### Problem No. 19

Hearts—K, 8  
Clubs—Q, 4  
Diamonds—2  
Spades—none

Y :  
Z :  
A :  
B :

Hearts—Q, 7, 5, 4  
Clubs—5, 6, 4, 3, 2  
Diamonds—none  
Spades—none

There are no trumps and Z is in the lead. How can Y win five of the six tricks against any defense? Solution in the next article.

### THE EXAMINER'S WEEKLY REVIEW OF PROV. MARKETS

#### CATTLE

BEEF—Choice heavy steers \$8.65/50; Choice light \$9.10/10; good \$7.75/68.50; medium \$7.00/50; common \$6.75/11.50. Hides firm at choice \$8.85/50; good \$7.25/7.75; Choice cows \$6.75/7.25; good \$6.50/6.75; medium \$5.50/6.50; common \$5.00/5.50 and the canners at from \$3.50/4.75. The choice bulls, this week made from \$5.50/6.75; medium \$5.00/5.25 and canners at from \$4.50. Choice light calves \$11.13/13 and medium \$7.09 FEEDERS' STOCKERS—Feeder steers made from \$6.75/50 stock steers \$6.75/25; stock heifers \$5.50/6.50 and stock cows \$5.00/5.75.

#### HOGS

Edmonton bringing from \$11.35/11.50 with selects at \$11.85/12.

#### SHEEP

Edmonton reports yearling as bringing from \$8.10/10 ewes \$6.00/8 and lamb \$11/13.

#### GRAIN

A break was caused in the Winnipeg market on Wednesday through bearish reports from the United States southwest and an uncertain market at Chicago. Reports indicated that a large crop was expected from the southwestern states.

#### CREAM—BUTTER—MILK

CREAM—Prices unchanged at special 30c first 37 and second 34 at country point and centralizing creameries. Slight increase indicated for CREAM—BUTTER—MILK.

#### POULTRY—EGGS

POULTRY—Fresh killed and live birds hard to get. Demand active. Storage stocks are filling the bulk of orders. Local trade and demand from outside points No. 1 fowl over 4 lbs 13c No. 1 under 4 lbs 11c No. 1 chickens over 4 lbs 12c No. 2 10c with roosters 6c EGGS—Market is quoted steady at Extras 24c firsts 22c and seconds 17c. Markets are large and surplus is noted. Market very weak and shippers are advised to keep well posted.

#### POTATOES

Good demand reported with wholesalers and retailers in the market for stocks. Quoting \$18/23 per ton for supplies delivered. Stocks in storage are thought to be getting low and pits have not yet been opened.

#### HAY—GREENFEED—OATS

HAY—A few cars of upland and timothy are moving now. Offerings of good quality. Prices are steady. Upland is quoted at \$8 per ton and timothy from 10/10.50 GREENFEED—No carload lots moving but small odd offerings of good grade move out readily. Bringing \$9/10 delivered FEED OATS—Market holding steady at 40/45c Fair demand on light supplies.

#### \*\*\* Lovely Spring weather! Just the time to Spring Clean! See Joe Welch at the Atlas yard for your needs

### TREES FOR FARM HOMES

(Experimental Farms Note)

Planting of trees and shrubs was commenced at the Dominion Experimental Station, Scott, Sask., in 1912. One hundred and sixty-eight varieties of different kinds of these trees were growing on the farm in 1928. Trees which have proven hardy under these conditions can be grown with equal success under prairie conditions except in the dry areas with light soil. Hardy evergreens are available. White Spruce is the most common. Balsam fir is hardy but not widely grown. Scotch pine and jack pine are equal in hardiness to Lodgepole pine but the latter makes more rapid growth. Koster Blue Spruce while hardy and outstanding in beauty is more difficult and expensive to obtain. Among deciduous trees a wider range is available. Russian poplar is a rapid grower, hard on soil moisture and subject to disease when alone in plantations. American elm is a graceful tree especially valuable for avenues but is somewhat slow growing. Green ash is the hardiest leaf form and makes an attractive tree for a mixed plantation. Manitoba maple is easy to obtain but Amur and Tartarian Maple possess more beauty. Several species of willow are hardy but the laurel leaf willow is very ornamental and easy to obtain.

With a few exceptions more care is necessary when selecting hardy shrubs which have a special value for beautifying home surroundings. Caragana is well known. While Tartarian honeysuckle has attraction when in bloom its special beauty is from its coloured berries which remain till fall. Several varieties of common lilac offer colours from white to purple. High bush cranberry producers clusters of white flowers followed by scarlet berries which adhere firmly to the shrub. Mountain ash is attractive all season with its particular leaf formation and its clusters of red berries remain till late fall. Spirea Van Houttei is an acknowledged favourite with its masses of white flowers in June.

### CONSERVE FOOD BY ELIMINATING WASTE

Millions of dollars worth of valuable food elements have been pouring down our drain pipes when the water in which potatoes have been boiled has been cast aside. Additional millions have been wasted by paring new potatoes instead of scraping them or by taking a deep paring from old potatoes instead of a thin one.

What applies to potatoes, applies also to dozens of other foods. The many small wastes of other foods. The small wastes that make an enormous waste when considered so important by food authorities that count less investigations and experiments have been conducted so that the loss as may at least be reduced to some extent.

The orange recently came in for a particularly careful investigation among these lines by Martha S. Pittman, Division of Home Economics, Kansas State Agricultural College. California seedless navel oranges were used in small medium and large sizes—the object being to see what size of orange and what method of preparation would result in the least possible waste of the valuable juice.

The results were very interesting and well worth passing on to the housewife, for it was learned that medium and small oranges are just as good in every way as the large sizes and especially efficient for juice uses. As smaller oranges are particularly plentiful this year and they are selling at very pleasing prices to the consumer. Although the large orange may look inviting and although it may be preferable in the east of certain salads where large colorful slices are desired the smaller and cheaper oranges will prove equally good for most uses and will usually prove more economical.

In a glass of fruit juice in a fruit cup or in the average salad, the size of the oranges used does not show. Therefore if fifty cents worth of small or medium sized oranges are found to weigh considerably more than half a dollar's worth of prime beauties well, the housewife will be prone to favor the smaller sizes if her budget

has been prepared with economy in mind.

### Potatoes For Sale

In 20 bag lots or more, Canada B grade white potatoes at 90c bushel, including bags, 90 lbs each. Also early seed potatoes.

Sprouted potatoes—Early Ohio, Bliss Triumph, Burpee's Extra Early, Cobblers, at \$1.50 per bus. crate. Mail orders promptly filled.

## Town and District Topics

A meeting of the executive of the Agricultural society is being called for Saturday next at 2 p.m., when all members of the directorate are asked to attend.

Mr V. C. Maddocks, of Winnipeg, spent a couple of days in town in the interests of the Vain-Extension Oil Ltd., of which he is the president. We understand he completed arrangements for the sinking of the company's first well while there.

Members of the Unisk Encampment, L.O.O.F., are asked to be present at the meeting tomorrow (Thursday) evening when the degree is to be conferred on a couple of candidates.

**DON'T MISS THE BIG SHOW!** St. Luke's Dramatic club are presenting the famous Goldenkith comedy "She Stoops to Conquer" on Tuesday next at the theatre. Get your tickets at Standard Pharmacy.

Owing to the inclement weather on Saturday, Bill Stuart is announcing that the Rowan sale was postponed till tomorrow (Thursday) afternoon. See advt. on this page.

Miss Nettie Pickard, who represented this district in the provincial semi-finals of the oratorical contest in Edmonton last week, gave a splendid paper, and was listened to with rapt attention. Although not successful in coming out first, Nettie was certainly well up in the results among the eleven contestants and deserves much praise.

Mrs O. Michon entertained on Wednesday last in honor of Mrs. A. Haney, who is leaving next week for her new home in Northern Saskatchewan. A large number of the town ladies were present for the afternoon.

It is just as easy to build a warm and comfortable house with our lumber and new plan books, as it is to grow a corn on your foot! See Joe Welch at the Atlas yard.

The stormy weather last week end caused the Liberal Association meeting, which was advertised for Friday last to be postponed until further announced.

## AUCTION SALE

Owing to the storm last week end, the G. Rowan Sale was postponed until tomorrow

**THURSDAY APRIL 11th**

AT THE LIVERY BARN,  
WAINWRIGHT  
at 2 p.m. Sharp

A Dandy Bunch of Machinery & Household Effects will be sold.

## TERMS CASH

J. W. STUART, auct.  
G. ROWAN, owner

## THE FLOUR MILL

Is not 'any old mill!' It is 'our MILL'; 'your MILL'; because it is "A Profit-Sharing MILL!"

I could not or would not ask you mothers to dress your little ones in Old Flour Sacks. That would be taking the cream and sugar and leaving you the sour milk and no money to buy clothes!

Buy your Flour at the Wainwright Mill and save money to buy yourself and little Mary Silk Dress es. Our Flour Sacks make dandy dish towels

## Wainwright Flour Mill

Owned and operated by N. RICKER, the man who guarantees you absolute satisfaction.

The Rev M. L. and Mrs Wright, of Irma, were visitors to friends in town last week for a couple of days.

We understand that the J. Church farm has been rented to Mr Phil Brasard for the season.

\*\*\* Methusalem ate whatever he pleased! He didn't know anything about calories, vitamins, or orange juice, fasts. Yet he lived over nine hundred years. We have more problems today, and need help to handle them. Your housecleaning problem will be much easier if you select your needs from the big stock at the Atlas yard. Paints, varnishes Satin-Glo in all shades. Joe Welch, phone 57.

Mrs Trewatha, of Calgary is here on a visit to her daughter Mrs Frank Stott for a month.

We learn that Miss Florence Tory has now joined the staff of the Canadian Chautauquas, and will be leaving shortly to assume her duties as a director of ceremonies for that august aggregation.

\*\*\* Don't forget to come to the United church on Friday, April 12th at eight p.m. sharp, when the Choir are giving their "Night in Ireland" concert. This will consist of solos, duets, choruses, readings and instrumental selections. Save the date. Tickets 50c each.

Accidents WILL happen, despite the greatest precautions; and it might be well to remind both town and country readers that it is absolutely contrary to law for any person under the age of sixteen years to drive a motor car without an attendant adult who is competent to drive, and that any person under the age of fourteen years is NOT allowed to drive a motor vehicle at all. Under the amendments to the Act just passed at the last session, it is to be required that all persons qualified to drive a motor vehicle MUST obtain a driver's certificate. No doubt proper notice of this will be given officially very shortly.

A colored lady walked into an insurance office and asked if they wrote fire insurance. Upon being told they did she asked for a policy on her husband. The clerk replied "What you want is life insurance" as he reached for an application form. "I don't want life insurance on my husband, I want fire insurance. He has been fired four times in three weeks!" said the lady. We have no policy to fit this lady's case but we can insure your property so that your loss will be small in case of fire. Joe Welch; phone 57.

Mr Albert Mills returned last week end from Vancouver where he has been spending a couple of months.

**QUICK GOOD WORK!**  
Save time, save money! We have the plant for fine shoe repairing at moderate prices. We work well but quickly with shoe factory machinery. Shoes repaired our way look better and last longer. Money spent for shoe repairs with us is an investment in increased shoe satisfaction.

## A. Sawers

Second Ave. Wainwright

Last week end saw Mr Henry Walters, of Battle View back from Switzerland with his bride. The happy couple are now back on the farm.

\*\*\* If your car burns, you lose it; if you run into another car it may cost you a couple of hundred or so for repair bills; but if you (or anyone else driving your car) injures a person, it might cost you thousands of dollars and leave you a poor man in your old age. We will take care of all lawsuits up to \$10,000 for from \$12 to \$15 per year! Every new car sold adds to your risk. See Joe Welch about this form of insurance.

Mrs Walter Jackson, who has been spending the winter on a visit to friends and relatives in the Old Country returned home last Wednesday, evening after a very pleasant trip.

Mr F. Redgwell of the Bank of Montreal, was a city visitor over the week end.

Forster & Co unloaded another car load of Chevrolet at the week end, this shipment including a special Utility chassis.

\*\*\* Some people walk in their sleep; others just work in their sleep! It is real work to do your housecleaning, but the big stock supplies needed for this which you will find at the Atlas yard will lend you all assistance. Phone 57 or see Joe Welch

Owing to news of her mother's sick Mrs G. Hudson left for her parents home at Vermilion last week end.

Mrs W. Crowe is away to Vancouver for the purpose of returning with her daughter Miss Ina, who has been on the sick list.

After spending a couple of weeks at Vegreville and Calgary, Mr Lorne Mitchell of the Standard Pharmacy has now returned.

\*\*\* Mike and Pat went into business together. Mike had the money and Pat had the experience. At the end of a year they dissolved. Then Pat had the money and Mike the experience. Experience is costly that is why it is safer to deal with a reliable firm that know their business. Bring your lumber and paint problems to the Atlas Lumber Co. They will be handled to your profit and satisfaction. Joe Welch, Mgr.

Mrs J. Bowers has now returned from a visit to her parents in Edmonton.

Those of our teachers who were away in attendance at the annual convention last week in Edmonton are now all back at their duties.

Mrs Clark arrived from Holton, Kansas, last week to stay with her sister Mrs Price Teeters.

The trustees of the Autumn Leaf S.D. are calling for tenders for a new school building on page five of this issue.

\*\*\* All the latest colors and shades in Kalsomine, Mureco Paints, Varnishes and Enamels will be found in the Big New Spring Stock of Housecleaning Supplies at the Atlas Yard. Phone 57 J. Welch Mgr.

## Clean - Up!

The world has donned its overalls and is stepping out for its annual Spring Clean Up drive. Join in - folks! Out with the ladders, rakes, and spades. Get busy with the brooms and sponges. Away with all unslightly dirt and rubbish. Clean up. Paint up. Fix up. Shine up. And see us for all your Spring Cleaning and Gardening Requirements.

## A Practical BUILDER

—appreciates the part that worthy building materials play in the production of a splendid structure. Attempting to save a few dollars here and there on building materials is false economy. It's better to get proper products from a firm that specializes in quality building materials.

## A Complete Stock
